The Academic Integrity Sub-Committee is a standing committee of Academic College Council (ACC). It reviews, discusses, and provides recommendations to and seek feedback from the college community and ACC related to Seneca's academic integrity policy and procedures as it relates to all disciplines across the college. The Sub-Committee also serves as an expert reference group to the ACC, providing insight and input, acting in an advisory capacity to the Vice-President, Academic.

For more information about the Academic Integrity Sub-Committee, visit the [terms of reference](#).

We are seeking 1 faculty representative to join the sub-committee in September 2021.

Faculty representatives will be selected based on their innovative ideas, understanding of contemporary approaches to academic integrity which are grounded in literature, creativity, and the ability to apply their thinking on an institutional level.
