Annually, the Academic and Support Staff Joint Insurance Committees, the Insured Benefits Subcommittee of the Administrative Consultative Committee and the CAAT Retirees Group Insurance Advisory Committee complete, with the assistance of a benefits consultant, their review of the group insurance premium rates. When approved by the Human Resources Steering Committee, premium rate adjustments are effective each year on February 1<sup>st</sup>. All premium rates are subject to the appropriate provincial sales tax based on the retiree's provincial residence. **Monthly Premium rates are listed below:**
