

Seneca Launches Course for EDC

Version 6

Published 5/5/2022 by [Lena Tang](#) Last updated 5/5/2022 4:17 PM by [Lena Tang](#)

BSAC and Centre for Executive and Professional Learning have been working on various partnerships. One of the ways that we have worked together is to develop a new data management course for working professionals in various clinical research professions. This course, Essentials of Clinical Data Management and Electronic Data Capture (EDC), will be offered for the first time this May. Thanks for the great efforts from Prof. Greg Staios and Chair, Paola Battiston.
