For the fourth consecutive time, FASET students have earned top honors at the Skills Ontario Competition. During the annual Spring event, competitors were able to show off their knowledge and skills in a variety of contests across the trade and technology sectors. Seneca students achieved three gold, one silver and four bronze medals this year.

From the School of Software Design & Data Science, Gerardo Arriaga Rendon from Computer Programming & Analysis advanced diploma program won bronze in Technology category for **Coding**.

From the School of Electronics and Mechanical Engineering Technology:

- Kian Hassan-Tehrani and Matin Zalpour from the Electromechanical Engineering Technology (Automation) advanced diploma program won gold in the Industrial category for **Mechatronics**, Team of 2.
- Maxim Gontcharenko from the Electronics Engineering Technology advanced diploma program won gold in the Technology category for **Electronics**.
- Mark Macario and Tyler Schuette each from the Mechanical Engineering Technician (Tool Design) diploma program won gold and silver, respectively, in the Industrial category for **Precision Machining**.
- Jonathan Stewart won bronze in the Industrial category for **Mechanical CAD.**
- Tarrick Karim won bronze in the Industrial category for **Computer Aided Manufacturing (CAM).**

All gold medal winners will represent Team Ontario in the Skills Canada National Competition, which is being held in Vancouver, British Columbia, at the end of the month.
