Adding a Course Banner
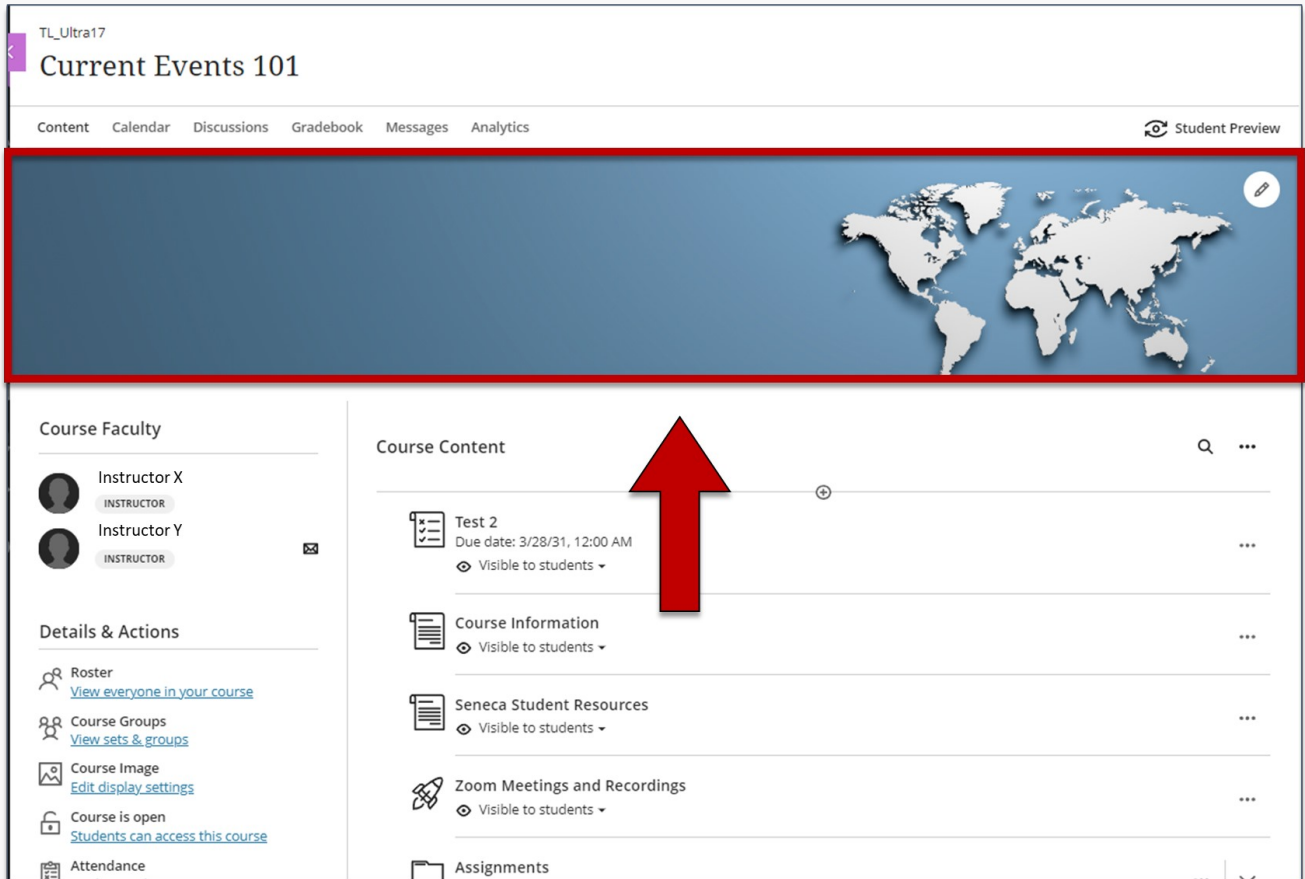

Adding a banner to your course is a great way to add visual flare.

Adding a Course Banner

1. Select **Edit display settings** from the **Details & Actions pane.** Course Image panel is displayed.

2. Select **Upload new image,** and then attach an image from your computer. **Note:** Image must be at least 1200 x 240 pixels.
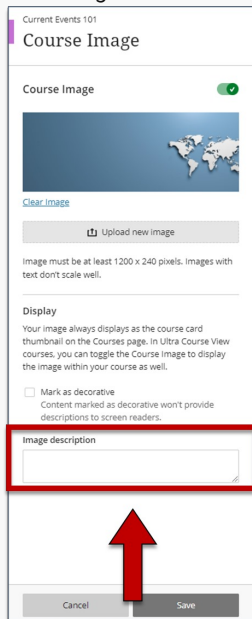

Images with text don't scale well.
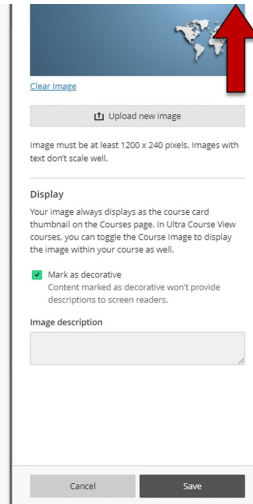

3. Complete one of the following actions:

   - If the image is decorative, select **Mark as decorative.** Content marked as decorative won't provide descriptions to
   screen readers.

   - If the image is informative, input the description of the image into the **Image description** text box.
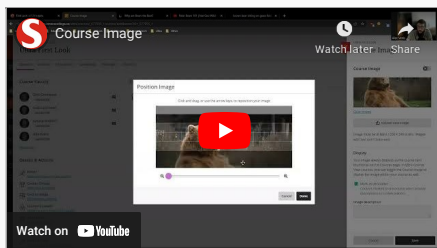

4. Select **Course Image on/off** to display or hide the course image.

5. Select **Save.**
