

Attend the Applied Research Funding Information Session – Oct. 27

Published 10/11/2022 by [Michelle Nava](#)

In the last year, [Natural Sciences and Engineering Research Council of Canada](#) (NSERC), the principal government funding agency for applied research has made significant changes to their applied research funding programs and how these funding programs are delivered. These changes have led to an increased flexibility in terms of partner eligibility and project initiation.

Seneca Innovation is hosting an information session on Thursday, Oct. 27 from 1 to 2 p.m. to learn more about these changes and information regarding funding for Seneca's Centres for Innovation. There will also be a speaker from [Ontario Centre of Innovation](#) who will provide a refresher on their funding programs.

If you are interested in attending, please register [here](#).
