More about United Way:

The pandemic has made the issues at the root of poverty in the GTA unignorable—and it hasn't affected everyone equally. Those who were struggling before the pandemic are now also having to navigate a worsening chasm of injustice, discrimination, and growing inequality. COVID-19 is exacerbating the inequities that divide our community and pushing people further into precarity. So, we need your help! The vital work United Way does, alongside partners and resident leaders, would not be possible without donors who want to bridge the gaps in our social safety net, and unite under a worthy cause.

You can get involved even further by [joining Team Seneca in the GetUP Challenge](#) or by

giving here.
