Blackboard Ultra is now at Seneca!

Blackboard Ultra is the latest iteration of the Blackboard Learning Management System. It is designed to be accessible and mobile-friendly, providing ease of use for faculty and instructors and a consistent look and feel across courses for students.

Want to learn more about Blackboard Ultra? Come to one of our upcoming webinars and explore the resources on our website.

👉 You can learn about the main features of Blackboard Ultra on our [Blackboard Ultra Crash Course](#) webpage. 📄

Blackboard Ultra Drop-in Support

Have a Blackboard Ultra question? Need some help using Blackboard Ultra's features or working with the course content that was converted for you? Come to our drop-in sessions where Teaching & Learning Centre Team Members will be on hand to help you with your questions.

Virtual drop-in support sessions are available on the following dates and times:
