Setting Exceptions for Tests and Assignments

Published 11/2/2022 by Anh Lam

Accommodations vs Exceptions

Accommodations allow for students to submit work past deadlines or receive extra time for timed tests. These accommodations impact all due dates and/or timed activities.

Exceptions are specific to an assignment and allow the instructor to change the due date, visibility dates, or number of attempts for a specific student. Students can view changes such as extensions in their calendar.

Note: If you set a due date accommodation (via the Class Roster), you cannot set a due date exception for a specific assignment.

Setting an Exception

1. Select the assignment which you want to grant an exception
