

Creating a Manual Grade Column

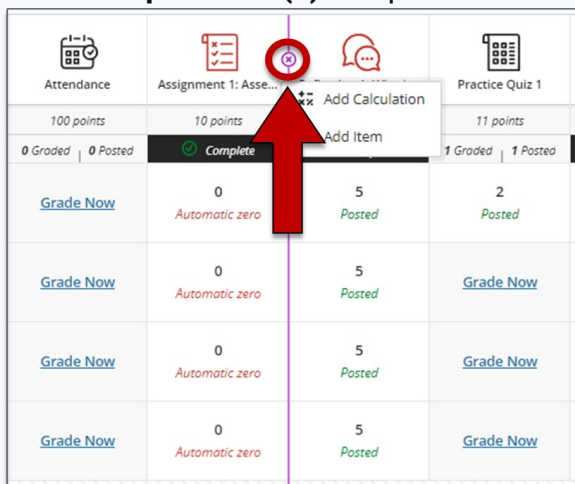

Published 11/2/2022 by [Anh Lam](#)

For all items designated as graded or graded automatically (such as discussions, assignments, or tests), Blackboard will automatically create a Grade Column in the Gradebook.

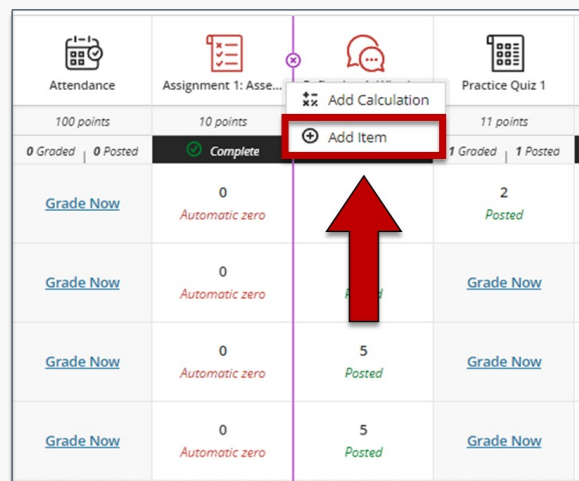

However, for any assessments that are not graded via a submitted assessment (such as, participation, labs, etc.), a Grade Column will need to be manually created.

Steps to Manually Create a Grade Column

1. Select **Gradebook**.
2. Select the **plus icon (+)**. Drop-down is displayed.
