

Go green with festive e-cards

Published 12/7/2023 by [Shannon Gaskell](#)

Celebrate the holidays by sending a festive e-card, while supporting Seneca Polytechnic students. E-cards are a great eco-friendly alternative to traditional printed cards, saving on paper, ink and fuel emissions during transport.

Choose from a selection of bright designs beautifully created by Graphic Design and Interactive Media Design graduates.

You can feel good knowing 100 per cent of your donation goes directly to support our students through the financial aid program of your choice. Options include area of greatest need, including the Campaign for Students Endowed Bursary Fund, the Feed to Succeed Fund, Seneca's Equity, Diversity & Inclusion Funds and many more.

[See the selection of available e-cards here.](#)

Thank you for supporting Seneca students. Happy Holidays!
