Winter 2026 Community of Practice Meeting Dates:

- Wednesday, Apr. 8, 11 to noon - please join [here](#)

The SoTL Community of Practice (CoP) is about connecting Seneca faculty and staff who want to discuss problems of practice in our teaching and learning activities, and explore ways to address these topics through research. Additionally, the community is about sharing what we learn with one another. Everyone is welcome.

The CoP is a casual, drop-in format. It is organized by Laura Page, Joanna Crabtree and Danielle O'Neil and is led by the members of the group and current SOTL researchers.

Resources ...

The community of practice is a resource unto itself. Knowledge developed within the community of practice will be shared here.
