

Community of Practice

Version 42

The SoTL Community of Practice (CoP) is about connecting Senecans who want to discuss problems of practice in our teaching and learning activities, and explore ways to address these topics through research. Additionally, the community is about sharing what we learn with one another. Everyone is welcome.

CoP Gatherings

The Community of Practice is a casual, drop-in format. It is organized by Maxine Britto, Laura Page and Joanna Crabtree, and is led by the members of the group and current SOTL researchers.

There will be two virtual gatherings this Winter 2024 semester. Each one will be a mixture of structured and unstructured discussion.
