When should my BB Ultra courses be ready to go?

*Make sure that the main screen and at least 1 week of content is ready before your first class for summer and for fall in August. Clean up gradebook and other areas to edit areas students should see.*

**I am teaching with another person. Is there a way to reorder the names on the main screen?**

The names are presented in alphabetic order and cannot be changed. It is suggested that in the Faculty Information page, you put the profiles in the order you will be teaching and emphasize Weeks 1-7 and Weeks 8-14.
