Student Resources

Published 3/13/2023 by Anh Lam

We have created a series of quick overview videos demonstrating how easy it is for students to navigate the Learn@Seneca interface. Course pages will look more consistent making it easier for students to navigate through course content.
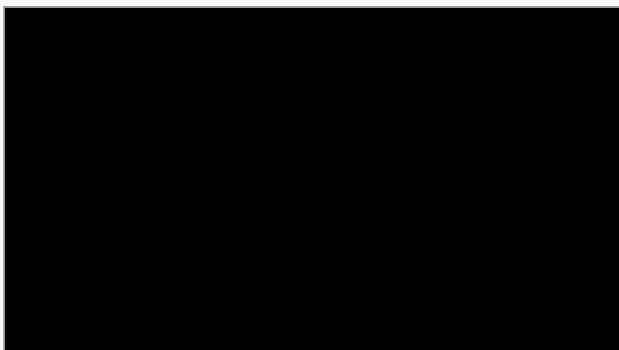

> **Note for Instructors:** These resources are included in all empty course shells. Take a look at our article on Meeting the Learn@Seneca Minimum Requirements in Blackboard Ultra.

Student Walkthrough Videos

Our Student Resources YouTube Playlist includes all the videos listed below.

1. Introduction to the interface of Learn@Seneca to students.
2. How to submit an assignment as a student.
3. How to complete an assessment as a student.
4. How to view grades and feedback as a student.
5. How to view a grading rubric as a student.
6. How to use the discussion board as a student.
7. How to use the calendar as a student.
8. How to change notification settings as a student.
