

Join us today live for the PRME Applied Research Conference

Published 7/17/2023 by [Joelle Allen](#)

This year's conference explores the themes of Sustainable Management in the domains of Food, Buildings and Carbon Accounting, and other Sustainable Business-related topics. The morning sessions will focus on food-related topics (e.g. food systems, sustainable sourcing, and waste reduction) and the afternoon sessions will focus on buildings (e.g. green buildings, carbon accounting) and other themes.
