Websites and applications

Version 35

Seneca Polytechnic Rebrand and ITS Impact

What is being done

- Internal and external Seneca web addresses and applications will transition from senecacollege.ca to **senecapolytechnic.ca.**

- During the transition, visitors to senecacollege.ca will be redirected to our new website senecapolytechnic.ca.

- This includes our main website, Employee and Student MySeneca, Library, The Service Hub, and application systems like ERP/i3, Learn@Seneca (Blackboard), Adobe Sign, Zoom, and more.

When this change will happen

- The changes to our website and related applications have already started, with completion expected before December 24, 2023. Refer to the schedule of changes for more information.

- Please anticipate Library system disruption on the evening of Dec 13th, specifically with Library Search, Databases and Leganto.

How this may impact you

- To ensure a seamless transition, all employees should:
  - Update all content associated with the old domain, including knowledge base and FAQ material.
  - Update internal and external references to our old domain.
  - Update previously shared OneDrive files, including course content, to reflect our new domain.
- After the domain change, please re-authenticate by logging in with your new **senecapolytechnic.ca** user ID.

If you have any questions or concerns, please do not hesitate to reach out to us at its.rebrand@senecapolytechnic.ca
