What is being done

- Many applications use Service accounts that use internal user ID that end with [senecacollege.ca](#) for monitoring, for sending email notifications, and for automated email routing.
- These need to be changed to use the [senecapolytechnic.ca](#) user ID and email address.

When this change will happen

The changes to our website and related applications have already started, with completion expected before December 24, 2023. Refer to the [schedule of changes](#) for more information.
