

# SELS Professor's XR Adoption Proposal has been selected!

Published 11/20/2023 by [Melanie Gao](#)

Professor Lavaughn John's XR (Extended Reality ) Adoption proposal "XR for Enhancing Presentation Skills" has been selected to move forward by [The Teaching & Learning Centre](#) !

Program areas were asked to submit proposals to develop XR learning activities for their students in the following categories:

1. **Adoption** of an existing virtual reality (VR) or augmented reality (AR) application into a course and/or program curriculum.
2. **Development** of a custom VR or AP application to support experiential course/program learning activities.

Congratulations Lavaughn!
