SEMET is excited to see German counterpart in our class & labs from Heinrich-Kleyer-Schule, Frankfurt & Mainova AG from Oct.24th, to Nov.17th, 2023. Our faculty and students got experiential learning of actual GLOBAL CLASS ROOM.

This project helped to develop intercultural competency skills through a shared learning environment, fostering cross-cultural dialogue and enhancing our course content with a unique global perspective

The students worked with each other, exchanged ideas, shared perspectives, and collaboratively worked on common assignments.
