

Campaign for Students Floral Design Workshop

Published 3/4/2024 by [Jamara Romero-Gennings](#)

☒ In support of the Campaign for Students, last Wednesday, Feb. 28, the Faculty of Continuing Education offered an in-person floral design workshop, led by our Floral Design Program Coordinator. For a donation, Seneca employees were able to create beautiful floral arrangements they were able to take away with them.

The Campaign for Students is Seneca's employee giving program. As one of our largest group of donors, Seneca employees help to fund financial aid opportunities, improve Seneca's learning environment and strengthen the student experience, making a meaningful difference in the lives of our students.

Go [here](#) if you want to contribute and support our students.
