# Choosing a Course Image (Banner)

Published  5/13/2024 by  Dani Bobak

The AI Design Assistant is integrated with Unsplash and can suggest search words, based on your course's title and description, to help you find royalty-free images for your course image (banner).
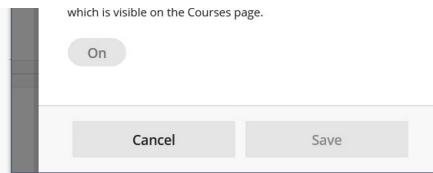

## Choosing a Course Image (Banner)

1. Select **Edit display settings** from the Details & Actions pane. The Display Settings panel is displayed.

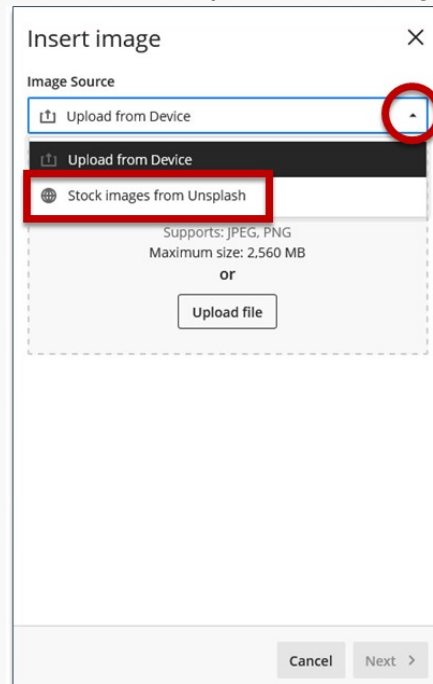

2. Select the image icon beside Course Image.

which is visible on the Courses page.

On

Cancel    Save
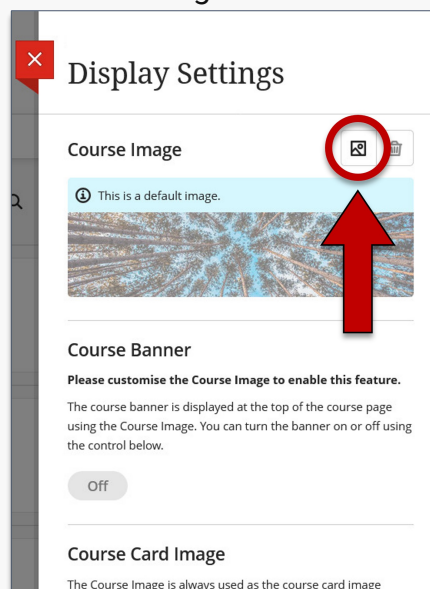

3. From the drop-down menu, select **Stock Images from Unsplash**. The AI Design Assistant will suggest keywords to search Unsplash for a course image (banner). You can change the keywords and run the Unsplash search again.

Insert image    ✕

5. Select and drag, or use the arrow keys, to reposition the image. You can Zoom in or out as needed. Select **Save** to confirm the choice of Course Image.

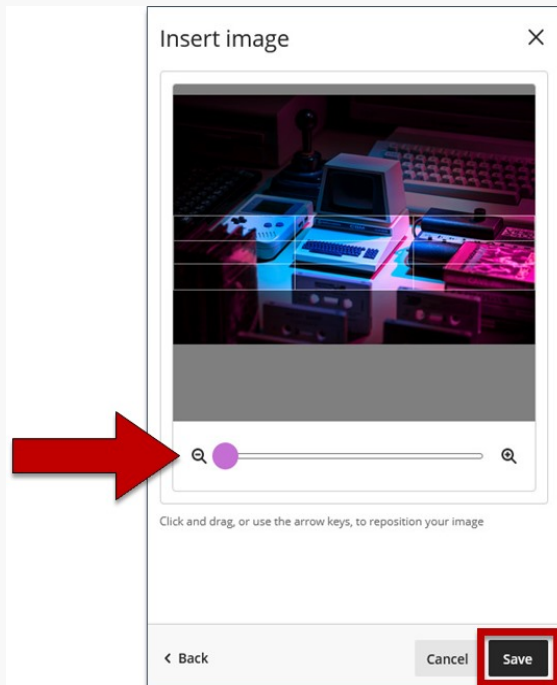

6. If the image is decorative, keep the checkmark beside **Mark the image as decorative**. Content marked as decorative won't provide descriptions to screen readers. However, if the image is informative, remove the checkmark beside **Mark the image as decorative**. Then input the description of the image in the **Alternative text box**.
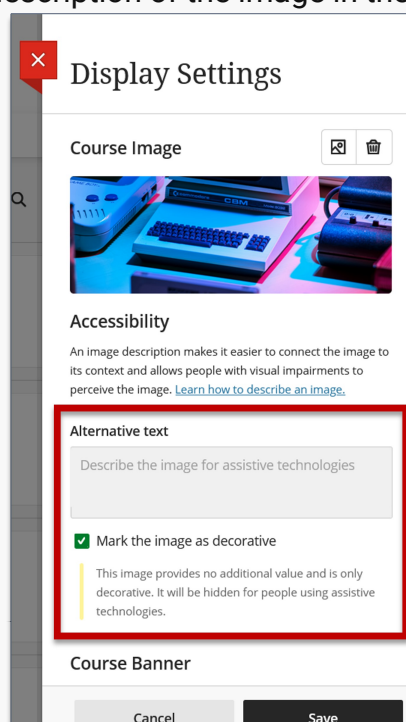

7. By default, the Course Banner is enabled and the image you selected will show in the course. If you don't want to see it, turn off the Course Banner to hide the course image.

8. Select **Save**.
