

Hi! My name is Kelsey

Published 5/8/2024 by [Shannon Gaskell](#)

I work closely with various Deans, Chairs and Program Coordinators to identify opportunities and Seneca's highest priority needs that require philanthropic support, while also working to expand our donor pipeline.

You might be [looking for me](#) if you have questions about:

- Supporting academic programs including the [Seneca Nanji Foundation School of Nursing](#), the [Faculty of Communication Art & Design](#), the [School of Public Safety](#) and the [School of Hospitality & Tourism](#).
- Supporting Seneca's students through raising funds for the Seneca Soup program and Food Insecurity
- Supporting sustainability initiatives including the Green Citizen Symposium

If you have questions about how you can get involved or how we can work together, please do not hesitate to reach out.

Kelsey Muldoon
