## Event Calendar: Pride Month

[Pride season](#) is here as people celebrate the LGBTQ2S+ community worldwide during the summer months. In Ontario, June is [Pride month](#), and it commemorates the New York City [Stonewall riots](#) of June 1969; the month-end parade caps off a full 30 days chock-full of events.

There are numerous [activities](#) taking place at Seneca, including a [Pride flag raising](#) event on June 4th at Seneca@York campus.

For faculty, resources are available in this [toolkit](#) for your classroom practice, including web banners and backgrounds for virtual meetings. You may want to include stories of [Canadian LGBTQ2S+ individuals](#), or call on guest speakers from the community to speak to your classes. For additional possibilities, please contact the Office of Reconciliation and Inclusion (ORI) at [ori@senecapolytechnic.ca](mailto:ori@senecapolytechnic.ca) and let's celebrate together.

## Classroom Connection: Illuminate App

Check out the [Illuminate](#) app, an climate change educational simulation game created by the University of Waterloo. In the game, players explore solutions to the impacts of climate change. It's a low-stakes way to promote critical thinking while encouraging real-world cost-

benefit conversations that students can apply to their lives.
