

Hi! My name is Cam

Published 7/11/2024 by [Shannon Gaskell](#)

I work very closely with internal departments to collaboratively identify priorities, build a compelling narrative, and ultimately secure financial resources to progress those priorities. I focus primarily on securing major gifts (+25k) but support can also include gift-in-kind.

You might be [looking for me](#) if you have questions about:

Support for the [Faculty of Applied Science & Engineering Technology](#)

Support for the [School of Management and Entrepreneurship](#)

Support for the [School of Aviation](#)

Support for the [School of Community Services](#)

Support for the [School of Health Sciences](#)

Support for the [Youth to Postsecondary \(Y2P\) program](#)

Support for the [Academic Upgrading program](#)

If you have questions about working together to find funding for your priorities, please do not hesitate to reach out,

Camilo Garay
