

Testing and Evaluating Learning PDT103 FREE

Published 9/2/2024 by [Melanie Rubens](#)

This module provides participants with the skills necessary to assess and evaluate student performance in adult learning environments. It focuses on choosing appropriate testing methods, creating effective assessment tools, and establishing a systematic grading system. The session includes significant opportunities for participants to practice these skills.

prerequisite: PDT100

Register Early

Saturday October 19 9:00am to 4:00pm PDT103V9Q (use this code if you are an employee)
