

Engineering Competition

Published 7 days ago by [Dario Anthony Gonzales](#)

Saturday 16th November, 2024

Two exciting challenges await! Choose your path! (ONLY ONE CHALLENGE PER TEAM IS ALLOWED) choose wisely:

☒ Re-Engineering: Teams of 2 improve an existing concept or product. Get the first case 7 days before the competition, then tackle a second one on THE day. Present your solution in 15 minutes + Q&A.

☒ Programming: Teams of up to 4 develop software solutions for real-world problems. Specs are announced 7 days prior. After 6-8 hours of coding, present your work and field questions from judges.
