As we prepare to celebrate the achievements of our graduating students, we invite you-SCPA faculty—to take part in one of the most meaningful traditions at Seneca Polytechnic: [joining the Platform Party at the Summer Convocation 2025](#).

Why Your Presence Matters

Convocation is more than a ceremony—it's a powerful moment of recognition, pride, and transition. For our students, seeing the faculty who guided and supported them throughout their academic journey adds a deeply personal and memorable touch to the day. Your presence on stage is a symbol of their success and your commitment.
