

Standards of Practice for Faculty and the Faculty Portfolio

Published 10/29/2020 by [Anh Lam](#)

The Faculty Portfolio is built around Seneca Polytechnic's Standards of Practice for faculty. Each domain will be examined in detail with evidence and reflections to support your work in each of these areas.

The Seneca College Standards of Practice for faculty is designed to:

- Promote a common language that fosters an understanding of what it means to be a reflective and effective teacher
- Identify the practices and actions of the teaching faculty
- To guide the professional judgement of the teaching faculty
- Guide the implementation and evaluation of professional learning for the Seneca teaching community

The four domains are:

Domain 1: Students and Student Success	Domain 2: Professional Knowledge
Domain 3: Professional Practice	Domain 4: Professional Learning

More information on Seneca's Standards of Practice for Faculty can be found on the [Standards of Practice](#) website.
