

Newmarket Welcomes Students

Published 11/4/2020 by **Anonymous**

In January, students from Seneca's Public Administration program spent two days at the Town of Newmarket's Operations Centre and Municipal Offices. Funded in part by Seneca Alumni Affinity Program, they had the opportunity to meet directly with the Mayor, chief administrative officer and leads from 16 other municipal departments in order to gain a better understanding of how the town delivers services to its residents while providing exceptional customer service.
