

Reminder: Participate in the Seneca Sparklets competition

Published 12/3/2020 by [Ashley Ribbel](#)

in the **December 2020 issue**

Want to learn more about Adobe Spark – or show off your Spark skills – while also creating course content and competing for prizes? Join the [Seneca Sparklets competition!](#)

There is still time to join; the competition is open to all faculty members!

Purpose

The purpose of this competition is to encourage the creative exploration of Adobe Spark for course content. Adobe Spark is a simple yet powerful content creation tool and all Seneca employees and students have access to it. We encourage you to consider how this platform can be used in your courses in both online and in-person contexts.

Goal

Using the board below as your guide, design three different projects which will enhance the learning experience of the students in your classes, and share your project links with your peers in [our Wakelet collection](#).

SPARKLETS 2020 TIC-TAC-TOE		
Introductory "get to know me" video for your class	A visual representation of the course outline	A Blackboard course walk-through video
A graphic to explain the breakdown of	Free Choice: show your creativitul	A graphic explaining the Academic

breakdown of an assignment	creativity:	academic Integrity policy
An alternative lesson: replace your PPT with Spark	A collection of course readings and open resources	A First Impressions introduction page

Prizes

We have five gift cards to give away as part of this competition. To enter the draw for one of these gift cards, you must create three Adobe Spark projects and post them to the Wakelet collection.

Timeframe

The competition will run until December 31, 2020. Please ensure that you submit your Sparklets by then.

Creating and Submitting your Sparklet

Once you've created your Adobe Spark, publish your project, generate a link, and paste that link into the [Sparklet Competition Wakelet collection](#). Here are [instructions on how to submit your Sparklet](#).

Please note: only Wakelet posts that contain your first and last name will be eligible for the gift card draw. And any projects not created in Adobe Spark will be ineligible.

If you have any questions, please contact us at teaching@senecacollege.ca.
