Are you interested in technologies?

Do you want to explore mobile apps, but aren't sure where to start?

Check out the **12 Apps of Christmas** 2017 – presented by the Educational Technology User Group (**ETUG**) and supported by **BCcampus**.

Each weekday from December 4 to December 19, ETUG highlighted a different free educational app. Each app description explains how to use it, where to get it, and how it might be used for teaching and learning. It also includes a "Challenge Yourself" activity, giving you an opportunity to try out the app.
