As you know, a link to the course outline is available in each My.Seneca course site under the *Tools* menu item. Please advise your students that they can access it there.

ITS is now working towards changing this. For the winter 2020 course sites*, course outlines will appear under the *Course Outline* menu item.

*Please note: some courses created at the end of August 2019 will already have the course outline available under the Course Outline menu item.
