Seneca students have suddenly found themselves learning online. Some are able to adapt and others are finding themselves a little lost – not sure where to start.

The Seneca [Learning Centres](#) and [Libraries](#) in collaboration with [The Learning Portal](#) team created an online resource for students on [Learning Online](#) to give them that place to start. This hub features resources to help students stay motivated, navigate technology, and study smart.

The screenshot shows the homepage of The Learning Portal for College Libraries Ontario. At the top left is a logo featuring a stylized tree with colorful circles as leaves, next to the text "The Learning Portal" and "College Libraries Ontario". To the right is a search bar with the placeholder text "Enter Search Words" and a "Search" button. Below the search bar is a breadcrumb trail: "Home / Learning Online". A dark navigation bar contains the following links: "Home", "Learning Online" (with a dropdown arrow), "Where Do I Begin" (with a dropdown arrow), "Study Skills" (with a dropdown arrow), "Research" (with a dropdown arrow), "Writing" (with a dropdown arrow), "Digital Skills" (with a dropdown arrow), "Digital Citizenship" (with a dropdown arrow), "Career" (with a dropdown arrow), and "Faculty Toolkit" (with a dropdown arrow). Below the navigation bar is a green banner with a circular icon of a person at a laptop. To the right of the icon, the text reads: "Welcome to the Learning Online Hub". Below this, a paragraph states: "Learning online has distinctive challenges and opportunities. You're probably used to the format of in-person learning, and learning online may be a new experience. This hub covers some strategies and tools that will help you be successful learning online, including support with motivation, help using new technology, and techniques for effective studying."

Students can assess themselves using an [online readiness tool](#) which allows them to see where they need the most support and to get the appropriate resources. Its easily navigable modules equipped with useful tips, how-to videos, and learning strategies allow students to quickly find the resources they need as well as hone in on the skills they need to develop in a straightforward manner.

This resource links to the [Learning Online at Seneca website](#) which features more details about where students can support at Seneca while learning online. Topics include Supports at Seneca, Taking Online Classes, and Academic Integrity Matters.

Learning Online at Seneca

This guide lists resources to help you succeed as an online learner.

How to Learn Online

A great place to get started for learning online.

Getting Support at Seneca

Information on services at Seneca while learning online.

Tools for Online Learning

Where to get help to navigate technology and online classes.

Academic Integrity Matters

Learn more about why academic integrity matters.

This resource has [cartridges](#) that can be embedded into a My.Seneca course to make it available to Seneca students.
