About

Google Jamboard is an interactive whiteboard system. You can write, draw, use post-it notes, images, and more. Share the link to the jamboard, change the permissions to anyone can edit, and students can join you to brainstorm, complete an activity, or just have fun!

> **Please note:** Google will wind down the Jamboard app in 2024. Here are the key dates:
>
> - As of Oct. 1, 2024, you will no longer be able to create new Jamboards.
>
> - Between Oct. 1 and Dec. 31, 2024, existing Jamboards will be placed into view-only mode.
>
> - You will not be able to access your Jamboards on or after Dec 31, 2024.

Keeping Student Information Safe When Using Online Tools

The Quick guide to secure handling of confidential student information for faculty using online learning tools (.PDF) (developed by the Teaching & Learning Centre and ITS) helps faculty choose secure online tools for teaching. The guide provides guidelines and examples to help faculty consider the information students might be giving up when using a new tool.

It is intended for quick use of free or low-cost online tools and not for larger, more costly tools that require more rigorous data privacy vetting.

Examples

- Class activity – underline the keywords

- Brainstorming

- Doodle time – creative playing before class starts
