

Hi! My name is Joy

Published 3/15/2021 by [Anonymous](#)

I help to create funding opportunities at Seneca for partners, donors and friends to support. Your financial contribution will help us deliver great student experiences and prepare graduates for the world of work, based on the needs of industry and the community.

I see my role as a facilitator, helping organizations achieve their marketing and social responsibility goals and inspiring individuals to realize their philanthropic priorities.

You might be [looking for me](#) if you have questions about:

- Supporting programs that provide access to education for disadvantaged or under-represented groups
- Supporting [Counselling and Accessibility](#), [Health Care](#) and [Mental Health](#) programs at Seneca
- Supporting [Financial Aid](#) for students
- Supporting the [Faculty of Communication, Art and Design](#)

I would love to connect with you and learn about your giving interests. Please contact me at joy.gooding@senecacollege.ca or my cell at 416-564-3892

Joy Gooding
