

Hi! My name is Lindsay

Published 3/15/2021 by [Anonymous](#)

I work very closely with internal departments to identify fund-raising opportunities for our partners, donors and friends of Seneca to support. Support can include gift-in-kind or cash donations plus a combination of other mutually beneficial opportunities to further an organization's or individual's philanthropic goals.

You might be [looking for me](#) if you have questions about:

- Supporting academic programs including Opticianry and the Faculty of Applied Science, Engineering and Technology
- Supporting Seneca Innovation programs including [HELIX](#) and [Career Recharge](#)
- Supporting the [Youth to Postsecondary \(Y2P\)](#) program
- Supporting sustainability initiatives

If you have questions about how you can get involved and support Seneca students, please reach out.

Lindsay James
