SDDS's Digital Health Hackathon has shown strong interest and we **have over 600 student registrants** and 100+ teams already formed. Congrats also to our PMC Student Organizing Committee led by Josh Lee, Avi Saban and Kartik Sorathiya.

There were three “main tent” events held using Webex Events. Opening Session was on Tuesday 9:00 (featuring Salesforce) , Thursday 9:00 (featuring CAMH and Markham Stouffville Hospital) and Friday 1:30pm (featuring Microsoft).

230 of our Hackathon t-shirts are being delivered by drivers across the GTA with special thanks to our friends Barry Naymark and Jennifer Yip at Seneca Alumni.
